

To Whom it May Concern;

It is with much enthusiasm that I am writing to recommend the services of Beachfront Painting and Waterproofing.

I have been using Beachfront to paint many of my condo and hoa communities for the past 5 years and have always been completely satisfied with their performance, specifically, Dave Ludwig and Bryan Hill. They do an excellent job, are always very punctual, communicate with me before, during and after a project and offer the most competitive rates around.

I have also hired them on occasion for extra small jobs, such as renovating a window box, repairing the exterior stucco and painting on individual units. They have been very reasonably priced, and always do exactly what is asked of them.

I am happy to recommend the services of Beachfront.

Sincerely,
