

Florida's first choice for high-quality, customer-focused painting and waterproofing services

## Our Leadership Team

### Bryan Hill President

Bryan is a military veteran serving eight years in the Army. For nearly a decade, he's managed painting projects from Jacksonville to the Florida Keys. Bryan oversees Beachfront's operations, from contract execution through final walkthrough.

### James Gallo VP, General Contractor

Jim is a fourth generation, South Florida contractor who has been in construction for more than 20 years. His true loves are concrete restoration and waterproofing. Jim guides Beachfront's process improvement and service delivery.

### David Ludwig Vice President, Sales

David started his career at PPG Industries managing retail paint stores. He soon built a successful career in paint and coatings business development. At Beachfront, David is responsible for sales, from estimating and contract execution to post-project customer satisfaction.

## Our Services

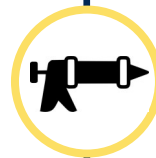

### Painting

From single-family homes to shopping centers and high-rise condos, Beachfront combines quality workmanship with competitive pricing to give you beautiful, long-lasting results.

### Waterproofing

Vertical waterproofing is an essential step in sealing the envelope of a building. At Beachfront, we provide the best solutions, and use the finest coatings, to make sure that your building is watertight.

### Sealants

Beachfront specializes in sealant replacement and repair. Sealants are integral to the waterproofing process, serving as a water barrier in all types of exterior applications. We perform all of our sealant projects with precision using only the finest products available.

### Electrostatic Painting

We're experts in electrostatic painting. We paint every metal surface on site including railings, slider and window frames, and more, producing a factory-like enamel finish that provides protection from corrosion, rust and peeling.

## Why Choose Us

Beachfront's leadership team has more than 40 years of combined experience in the South Florida painting and waterproofing business.

We have assembled a top-notch group of professionals who understand that communication, competitive pricing and quality workmanship are the hallmarks of a successful project.

We use only the finest materials, and most advanced methods, to add value to our customers' properties.

Along with our sister company, Waterfront Services, we offer full-service general contracting including:

- Concrete restoration and structural repair
- Deck coatings
- Pool and fountain renovations
- Installation of railings, windows and doors
